

Pavement Saws

PAVEMENT SAWS

A robust design and cutting depths of up to 190 mm are the features that prove the optimum efficiency of the SM-line, the Weber MT pavement saws. Standard equipment includes a water tank for binding dust and a scale for indicating cutting depths.

Technical data

Type	Weight	Cutting Depth	Cutting disc diameter	Engine
SM 57-2	62-70 kg	120 mm	350 mm	Honda/Subaru/Elektro
SM 62-2	85 kg	145 mm	400 mm	Subaru
SM 82-3	131 kg	190 mm	500 mm	Honda
